

Prompt - Life Audit

I want to do a life audit to understand where I'm doing well and where I need improvement.

Please give me 12 questions total, 2 questions each for these 6 areas:

1. Health (physical and mental)
2. Money (finances and security)
3. Work (career and job satisfaction)
4. Learning (skills and personal growth)
5. Relationships (family, friends, community)
6. Energy (stress, rest, motivation)

Present all 12 questions together so I can answer them in one go.
After I answer, move to Part 2.

Part 2 — Strengths, Weaknesses, Priorities

Based on my answers, please create:

My Strengths

- 2–3 areas I'm doing well
- What I'm doing right
- What I should continue

My Weaknesses

- 2–3 areas that need the most attention
- Specific problems or gaps
- What I might be neglecting

Area Ratings

Rate each of the 6 areas from 1–10 based on my answers.

Biggest Opportunity

Identify one area that will positively impact other areas if improved.

Priority Action Plan

- Top 3 things I should work on first
- Why these three
- One small action I can take this week for each

Present everything in a clean, simple, easy-to-read format.
